## The Ecological Society of America

Voice: (202) 833-8773 • Fax: (202) 833-8775 • Email: [tanya@esa.org](mailto:tanya@esa.org)

**I. PERSONAL INFORMATION** Please provide your mailing address, email, phone number, and other demographic information. Your email address is especially important to receive updates from ESA Headquarters, Sections, and Chapters, or if you plan to access any ESA journals online.

**II. MEMBERSHIP DUES** Membership and subscriptions run on a calendar year from January 1 through December 31. If you join ESA in the middle of the calendar year, you will receive the current year's back issues (*Frontiers* back issues are not sent automatically, they must be requested). Please select only one category of membership. **PLEASE RENEW BY DECEMBER 31, 2016 TO AVOID A LAPSE IN SERVICES AND SUBSCRIPTIONS.**

- **Developing Countries** This membership category is available to individuals who are both citizens of a developing country and are currently residing in that country. The developing country categories include membership dues and subscriptions to the journals and a student membership which receives an online only subscription to *Frontiers in Ecology and the Environment*.
- **Emeritus Member** This membership category is available to individuals who have been members of the society for 30 years AND who are currently retired. Membership dues and a subscription to *Frontiers* are complimentary *ad infinitum*. Subscriptions are available at the current rates. Please check your eligibility with the Membership Manager at [tanya@esa.org](mailto:tanya@esa.org) BEFORE signing up for this member type.
- **Life Member** This category is available to members who pay a lump sum to the Society. Payment may be made at one time or divided equally over a three year period. Types include lifetime membership with a lifetime subscription to all journals plus the ESA/JSTOR Archive online only, or lifetime membership with the option to add print & online access to one or more journal(s). Lifetime membership must be selected before lifetime subscriptions may be added.
- **Contributing Member** This membership category is available to individuals who wish to provide an additional level of annual support.

**III. SUBSCRIPTIONS** Journal subscriptions run on a calendar year from January 1 through December 31. In order to receive the journals at the member rate, payment of membership dues is required. Online journal subscriptions include 1997-2017 issues—fully searchable full text and links to other ESA articles, Ecological Archives, and MedLine. Claims for missing issues are honored if placed within 5 months for domestic subscribers or 10 months for foreign subscribers.

- **Ecology:** Volume 98 (12 Issues): Monthly
- **Ecological Applications:** Volume 27 (8 Issues): January, March, April, June, July, September, October, and December
- **Ecological Monographs:** Volume 87 (4 Issues): February, May, August, and November
- **Frontiers in Ecology and the Environment:** Volume 15 (10 Issues): February, March, April, May, June, August, September, October, November, and December. A print & online subscription is included in membership dues for all members.
- **Ecosphere:** is an online-only, open-access publication with a scope as broad as the science of ecology itself. The journal publishes submissions from all sub-disciplines of ecological science, including theoretical, empirical, and applied ecology. *Ecosphere* began online publication in 2010.
- **ESA Bulletin:** Volume 98 (4 Issues): January, April, July, and October. This publication is ONLINE ONLY and is open access.
- **ESA/JSTOR Electronic Archive:** Members can now enjoy convenient, easily searchable electronic access to archival volumes of all past ESA journals through 1997 including *Ecology*, *Ecological Applications*, *Ecological Monographs*, and the *ESA Bulletin*. The ESA/JSTOR Electronic Archive also allows subscribers to search full text and interface with current online subscriptions.

**IV. CHAPTER AFFILIATION** Chapters are organized regionally to encourage interest in ecology and increase communication among ecologists.

**V. SECTION AFFILIATION** Sections are organized to promote various fields of interest among ecologists.

**VI. OTHER PUBLICATIONS** You can also purchase copies of our other Society publications through the ESA website .

- **Issues in Ecology** is a popular occasional series designed to report the consensus of panel of scientific experts on environmental issues. Issues in Ecology, written to appeal to a variety of audiences, make an excellent educational tool. For more information, visit our website at [www.esa.org](http://www.esa.org).
- **Ecological Principles for Managing Land Use** is a full-color brochure summarizing the ESA position paper on the same topic.
- **Teaching Issues and Experiments in Ecology (TIEE)** is a peer-reviewed publication (on CD-ROM) of ecology education teaching materials that includes inquiry-based experiments for laboratory courses and engaging ecological issues for lecture classes.
- **Journal Supplements (Ecology and Ecological Applications)** Supplemental issues of *Ecology* and *Ecological Applications* from past years

**VII. CONTRIBUTIONS/SOCIETY ACTIVITIES/AWARDS** All contributions are tax deductible. See website for complete descriptions.

- **ESA Fund for the Future** Formerly the ESA Millennium Fund, this fund is dedicated to the financial support of our future ecologists. If donated directly to this fund, all contributions will be split three ways between the SEEDS program, the Real/Brown Student Travel Award, and the ESA Opportunity Fund. These funds may also be donated to individually.
- **SEEDS Program** Supports special initiatives for underrepresented students and promotes diversity in the field of ecology.
- **Real/Brown Student Travel Award** Given to outstanding students to help defray the costs of travel to the ESA Annual Meeting.
- **ESA Opportunity Fund** Used to take advantage of opportunities and initiatives not able to be accomplished through the regular ESA budget.
- **Graduate Student Policy Awards Fund** Supports competitive policy experience for graduate students.
- **Billings Award** Given to a student for an outstanding oral or poster presentation on a physiological ecology topic at the ESA Annual Meeting.
- **Buell Award** The Murray F. Buell Award is given annually to a student for an outstanding oral presentation at the ESA Annual Meeting.
- **Braun Award** The E. Lucy Braun Award is given annually to a student for an outstanding poster presentation at the ESA Annual Meeting.
- **Cooper Award** The William Skinner Cooper Award is given annually to the author(s) of a recent publication in Ecology with special emphasis on geobotany, physiographic ecology, plant succession, or the distribution of plants along environmental gradients.
- **Deevey Award** The Edward S. Deevey Award is given to a student for an outstanding oral or poster presentation on a paleoecology topic at the ESA Annual Meeting.
- **Forrest Shreve Award** This student research fund is given to a student for basic or applied ecological research on deserts of the southwestern United States and/or northwestern Mexico.
- **Jay Anderson Award** Supports programs and activities related to ecosystems of the West and Pacific Northwest.
- **MacArthur Award** The Robert MacArthur Award is given bi-annually to an established ecologist in mid-career for meritorious contributions to the field of ecology.
- **Mercer Award** The George Mercer Award is given annually for an outstanding ecological research paper written by a younger ecologist.
- **Odum Excellence in Ecology Education Award** Given annually to recognize an ecologist for outstanding work in ecology education.
- **Eugene P. Odum Award of the Southeast Chapter** Given to a student for an outstanding paper presented on an ecological topic at the annual meeting of the Association of Southern Biologists.
- **Sustainability Science Award** Given annually to the authors of a paper published in the past five years that makes the greatest contribution to the science of sustainability through the integration of ecological and social sciences.
- **Ton Damman Award** Given by the Vegetation Section to a student for an outstanding presentation on plant community ecology at the ESA Annual Meeting.
- **Tom M. Frost Award** Given annually by the Aquatic Ecology Section for outstanding graduate research in aquatic ecology as demonstrated in a recently published paper.
- **Whittaker Award** The Robert H. Whittaker Award is given to outstanding foreign ecologists to help defray the costs of travel to the United State for visiting colleagues and/or attending and ESA Annual Meeting.

**VIII. PAYMENT SUMMARY** Please complete the payment summary box with the total amount you have enclosed. A shipping & handling fee for print journal subscriptions is mandatory for members who renew their subscriptions **after December 31, 2016** to cover the cost of storing and mailing back issues. New members and members who renew by December 31 are exempt.

**XI. PAYMENT INFORMATION** ESA accepts payment by check or by credit card
