RECAP OF SERVICES

Any unconsigned shipment left in the exhibit hall after dismantling hours will be shipped via the Official Show Carrier at the expense of the exhibitor. Therefore, it is important to know some of the basics that will help you to avoid having your freight reconsigned.

BILL OF LADING

Each exhibitor is responsible for turning in a *Bill of Lading* to the Expo Plus Service Desk after dismantling is finished and all boxes, crates, etc. are packed and labeled. The Bill of Lading is the official "permission" of the exhibitor allowing removal of freight from the exhibit space to the carrier of choice (personal vehicle, truck, van line, airfreight, etc.). **Your Bill of Lading must be turned in no later than 9:30 pm on Thursday, August 7, 2008.**

OFFICIAL CARRIER

The Official Carrier is on site as a convenience to exhibitors and to service show management, and is by no means the only choice available. Exhibitors are welcome to use either the Official Carrier or their carrier of choice. Rates may be negotiated in advance by calling this carrier.

OTHER CARRIERS

If freight is consigned to a service other than the Official Carrier, that service **must check in with the loading dock by 8:30 pm Thursday, August 7, 2008.** Show Management, Expo Plus and the Official Carrier cannot be responsible for checking with all designated services. If you have chosen a carrier other than the Official Carrier, then we suggest that you have a representative from your company call the Expo Plus Service Desk during move-out to check on the status of the shipment and stay with the shipment until it is picked up if necessary. Many times, a reminder phone call from you will get the carrier there quickly.

RECONSIGNE FREIGHT

A "reconsignment" occurs when a carrier does not check-in or show up at the dock for the consigned freight. We want to make sure each exhibitor's freight is handled by their carrier of choice, and therefore no freight is reconsigned until we must move it to complete the contracted move-out agreement between Show Management, the convention center and Expo Plus.

ESA 93RD ANNUAL MEETING
MIDWEST AIRLINES CENTER
AUGUST 4-7, 2008

BILL OF LADING

All shipments must have a Bill of Lading or delivery slip showing the number of pieces, weight and type of merchandise. A copy should be mailed immediately to the Expo Plus address:

Expo Plus
1055 Research Center Drive
Atlanta, GA 30331

Also send a copy to the person in charge of installing your display for assistance in tracing shipments. Drivers will be required to record their shipments at the Exhibit Site Check-In Area and then they will be assigned a priority and the proper freight door for unloading.

NOTE: Shipments received without receipts, freight bills or specified unit counts on receipts or freight bills (i.e., one lot, 800 cu. ft., etc.), such as UPS or van lines, will be delivered to the exhibitor's booth or tabletop without guarantee of piece count or condition. No liability will be assumed by Expo Plus for such shipments.

NOTE: In the event no weight is indicated on the documents presented, Expo Plus shall estimate the weight and charges will be based on the estimates and such charges will not be subject to adjustment.

VAN SHIPMENTS

Drivers will be required to submit CERTIFIED WEIGHT RECEIPTS when recording their shipment at the Exhibit Site Check-In Area. Expo Plus reserves the right to refuse to unload such shipments until a CERTIFIED WEIGHT RECEIPT is presented.

INSURANCE

Be sure your materials are insured from the time they leave your firm until they are returned after the show. It is suggested that exhibitors arrange all-risk coverage. This can usually be done by "riders" to existing policies.

SHIPPING LABELS

Shipping Labels are enclosed. **Use them as they will expedite handling.** If additional labels are needed, write to the Expo Plus address listed above.

SMALL PACKAGES SHIPMENTS

These include cartons received without documentation and delivery to the exhibit space without guarantee of piece count and documentation. These also include Fed Ex and UPS shipments weighing less than 30 lbs.

LABOR AND EQUIPMENT

Labor will be available for uncrating, unskidding, assembling, positioning, leveling, dismantling, re-crating and re-skidding machinery and/or equipment for exhibitors. Place your orders for this labor using the form in the "Display Labor" section of this service kit.

OUTGOING SHIPMENTS

To assist you in setting up your outgoing shipments, staff at the Expo Plus Service Desk will be able to provide labels, Bill of Lading forms and shipping information.

At the close of the show, if an exhibitor's carrier fails to pick up or refuses to accept shipments, Expo Plus reserves the right to reroute such shipments where no disposition is provided. Material may be hauled to a warehouse pending advice from the exhibitor and a 25% surcharge will be charged for this service. No liability will be assumed as a result of such rerouting or handling.

All shipments must be forwarded with all charges prepaid.
Collect shipments will not be accepted.
Expo Plus assumes no responsibility for collect shipments which are not accepted.

DIRECT SHIPMENTS TO EXHIBIT SITE

Shipments for direct delivery to the Exhibit Site should be **scheduled to arrive August 3-4, 2008**. These shipments should be consigned and the bill of lading made out as follows:

Midwest Airlines Center

c/o Expo Plus

820 N. 6th St.

Milwaukee, WI 53203

RATES FOR MATERIALS AND EQUIPMENT RECEIVED AT THE EXHIBIT SITE

Material will be unloaded from exhibitor's trucks, or trucks of others, at the exhibit site, delivered to the appropriate location (e.g., booth or tabletop space) picked up at the close of the show, moved to the loading area and reloaded on trucks at the following ROUND TRIP RATE: **For each 100 lbs. or fraction thereof, per shipment, the rate is \$65.00 with a 200 lb. minimum.**

RATES FOR SHIPMENTS OR EQUIPMENT REQUIRING SPECIAL HANDLING

This classification shall be applied to, but not limited to moving van shipments, or shipment by any truck which because of the height of the truck bed, cannot be unloaded at the docks, and/or the shipment is "packed" in such a manner as to require special handling (e.g., loose display parts; uncrated equipment), regardless of the kind of carrier or vehicle used, and/or the description of the shipment is such that the type of materials or equipment cannot be determined (e.g., 1 lot; 20 assorted pieces). Material will be unloaded from moving vans, exhibitor's trucks or trucks of others, delivered to the exhibitor's booth or tabletop space, picked up at the close of show, moved to the loading area and reloaded on trucks at the following ROUND TRIP RATE: **For each 100 lbs. or fraction thereof, per shipment, the rate is \$79.00 advance, \$75.00 show site with a 200 lb. minimum.**

Note: In the event crated materials are combined in a shipment with materials "packed" in such a manner as to require special handling (see above), Expo Plus will invoice such shipments at the rates applicable to the "classification" of the materials, PROVIDED the bill of lading clearly identifies the weight of the crated materials and the weight of the other materials. If the bill of lading does NOT identify the weights of the various classifications, the entire shipment will be invoiced at the Special Handling rate and will not be subject to adjustment.

SMALL PACKAGE

Small packages that are a maximum 30 lbs will be charged \$30.00 per delivery whether shipped in advance or to the exhibit site.

OVERTIME CHARGES

Shipments unloaded at the warehouse after 4:30 pm weekdays, anytime Saturday, Sunday or Holidays, after the deadline date for advanced shipments to warehouse, or after the show opens will be subject to overtime charges. Additionally, when freight must be moved into or out of the exhibit site after 4:30 pm weekdays, anytime Saturday, Sunday, or Holidays due to scheduling conflict beyond the control of Expo Plus, overtime charges will apply. This charge will equal **\$12.00 for every 100 lbs. of freight shipped with a minimum charge of \$24.00, and will be invoiced in addition to our regular drayage charges.**

Note: A maximum of \$10.00 charge will apply to receiving and delivery of envelopes only at the show site during show hours.

Those shipping bag insertion and/or handout materials will accrue direct material handling charges as well, however freight will not be returned at the close of the show unless prior arrangements are made with Expo Plus.

All orders are governed by the Expo Plus Payment Policy and the Limits of Liability and Responsibility

All orders must be paid in US Dollars

1. Expo Plus and its subcontractors shall not be responsible for damage to uncrated materials, materials improperly packed, glass breakage or concealed damage.
2. Relative to inbound shipments, there may be a lapse of time between the delivery of shipment(s) to the booth or tabletop space by Expo Plus or its subcontractors and the arrival of the Exhibitor's representative at the booth, tabletop, or other space. Similarly, relative to outgoing shipment(s), it is possible that there will be a lapse of time between the completion of packing and the actual pick-up of materials from the booth, tabletop, or other space for loading onto a carrier. With the knowledge that during such times the shipment(s) will be left in the booth or tabletop space unattended, it is recommended that a representative from the exhibiting company stay with the shipment until it is picked up.

Therefore, it is agreed that Expo Plus and its subcontractors are not responsible for the loss or disappearance of Exhibitor's materials after the same have been delivered to Exhibitor's booth, tabletop, or other space, nor are Expo Plus and its contractors responsible for Exhibitor's materials before they are picked up from the Exhibitor's booth, tabletop, or other space for loading after the show. Consequently, all Bills of Lading covering outgoing shipment(s) submitted to Expo Plus or its subcontractors by Exhibitor will be checked at the time of pick-up from the booth, tabletop, or other space and corrected where discrepancies exist.

3. Expo Plus and its subcontractors shall not be held liable for any damage incurred during the handling of equipment requiring special devices to properly load, place or reload unless advance notice has been given to Expo Plus in time to obtain the proper equipment.
4. Expo Plus and its subcontractors shall not be responsible for loss, delay or damage due to strikes, lockouts or work stoppages of any kind.
5. Expo Plus and its subcontractors shall not be responsible for ordinary wear and tear in handling of equipment, nor for loss or damage due to fire, theft, windstorm, water, vandalism, acts of God, mysterious disappearance or other causes beyond their control.
6. It is understood that Expo Plus and its subcontractors are not insurers. Insurance, if any, shall be obtained by the Exhibitor. Amounts payable by Expo Plus hereunder are based on the scope of the liability as herein set forth and are unrelated to the value of the Exhibitor's property. It is further understood and agreed that Expo Plus and its subcontractors do not provide for full liability should loss or damage occur.

It is agreed that if Expo Plus or its subcontractors should be found liable for loss or damage to Exhibitor's equipment, the liability shall be limited to the specific article that was physically lost or damaged. Such liability shall be limited to a sum equal to \$.30 per pound per article, with a maximum liability of \$50.00 per item or \$1,000.00 per shipment, whichever is less, as agreed upon damages and exclusive remedy. Provisions of this paragraph shall apply if loss or damage, regardless of cause or origin, results directly or indirectly to property through performance or nonperformance of obligations imposed by the offering of services to Exhibitors or from negligence, active or otherwise, by Expo Plus, its subcontractors or their employees.

7. Expo Plus and its subcontractors shall not be liable to any extent whatsoever for any actual, potential or assumed loss of profits or revenues or for any collateral costs that may result from any loss or damage to Exhibitor's materials, which may make it impossible or impractical to exhibit same.

Discount Deadline Date: July 16, 2008

All orders are governed by the Expo Plus Payment Policy and the Limits of Liability and Responsibility

All orders must be paid in US Dollars

8. Claims for loss or damage must be submitted to Expo Plus by the close of the show. No suit or action shall be brought against Expo Plus or its subcontractors more than one year after the cause of action.
9. The Exhibitor agrees, in connection with the receipt, handling, temporary storage and reloading of its materials, that Expo Plus and its subcontractors will provide these services as Exhibitor's agent and not as bailee or shipper. If any employee of Expo Plus or its subcontractors shall sign a delivery receipt, Bill of Lading or other document, we agree that Expo Plus or its subcontractor will do so as the Exhibitor's agent, and the Exhibitor accepts the responsibility thereof.
10. Expo Plus and its subcontractors shall not be liable for shipments received without receipts, freight bills or specified unit counts on receipts or freight bills, such as UPS or van lines. Such shipments will be delivered to the booth, tabletop, or other space without guarantee of piece count or condition.
11. Empty container labels will be available at the Expo Plus Service Center. Affixing the labels is the sole responsibility of the Exhibitor or its representative. It is understood that these labels are used for EMPTY STORAGE ONLY, and Expo Plus and its subcontractors assume no responsibility for loss or damage to contents while containers are in storage or for mislabeled containers.
12. In order to expedite removal of materials from the show site, Expo Plus shall have the authority to change designated carriers, if such carriers do not pick up on time. Where no disposition is made by the Exhibitor, materials will be taken to a warehouse to await Exhibitor's shipping instructions, and the Exhibitor agrees to be responsible for payment of charges relating to such handling at the warehouse. Expo Plus assumes no liability as a result of such re-routing or handling.
13. The Exhibitor agrees, in the event of a dispute with Expo Plus or its subcontractors relative to any loss or damage to any of our materials or equipment, that the Exhibitor will not withhold payment in any amount due to Expo Plus for material handling services or any other services provided by Expo Plus or its subcontractors as an offset against the amount of the alleged loss or damage. Instead, the Exhibitor agrees to pay Expo Plus prior to the close of the show for all such charges and further agrees that any claim the Exhibitor may have against Expo Plus or its subcontractors shall be pursued independently by the Exhibitor as a completely separate transaction to be resolved on its own merits.
14. The consignment or delivery of a shipment to Expo Plus or its subcontractors by an Exhibitor or by any shipper on behalf of the Exhibitor shall be construed as an acceptance by such Exhibitor (and/or other shipper) of the terms and conditions set forth in Sections 1 through 13 above.

Expo Plus and its subcontractors are not insurers of you or your property and will not assume responsibility for loss, injury or damage where the direct cause of the loss, injury or damage is unknown or indeterminable.

Be sure your materials are insured from the time they leave your firm until they are returned after the show. It is suggested that Exhibitors arrange all risk coverage. This can usually be done by riders to existing policies. Contact your insurance representative. **Be sure your insurance is in effect in transit to and from the show, during storage and at the exhibit site.**

The Information Technology Staff provides telecommunications, data networking, video & Internet connectivity solutions

Telecommunications: The Wisconsin Center District maintains a digital PBX (Private Branch Exchange) telephone switch manufactured by Avaya Technologies—a world leader in communications technology. Both our PBX and Internet Service are provided through a SONET ring from our local service provider, Time Warner Telecom. From analog service used for modems, fax and credit card machines, to Avaya Technologies custom digital line service for multi-line, multi-party conferencing and extended system features we can accommodate any of your communications needs. The Wisconsin Center District also offers ISDN-BRI (Basic Rate Interface) service that provides flexible data & voice service for high-speed video conferencing, crystal clear radio broadcasting, and more!

Internet Access: The WCD boasts a up to a 100mb connection to our local Internet Service Provider, Time Warner Telecom. Time Warner Telecom's IP backbone architecture consists of multiple, diverse, high-speed optical circuits ranging from OC-48c to OC-12c with the lowest network capacity being OC-3c rate in a limited number of markets. Time Warner Telecom's metropolitan SONET and DWDM infrastructure of fiber, equipment and on-net facilities are configured to create redundant local transport to our local Internet points of presence (POPs). The local Internet POPs are connected via diverse-routing Packet-over-SONET circuits through our core routers to form regional IP networks. Each regional network is then interconnected with each other to form the Time Warner Telecom national IP backbone. Additional local/regional circuits are for private and public peering arrangements for redundant IP traffic management. Why use a dial-up connection when you can connect at LAN speeds? Our Internet & Data Services require a PC or Macintosh with an operating system that supports the TCP/IP protocol (such as Windows '95/'98/XP or Mac OS) as well as a 10/100MB Ethernet Network Interface Card with RJ-45 jack, and an Internet Browser.

Data Networking: The Midwest Airlines Center's data network architecture consists of a Nortel Gigabit backbone and switched fast Ethernet on high-speed copper or fiber optic cable to any port in the building. The Nortel solution delivers Internet service with outstanding speed and reliability.

I.T. Specialty Services: Fiber-Optic Ethernet, computer and equipment rentals, custom video services, plasma screen rentals, video taping, advertising packages, consulting, and other services available upon request.

Electrical: The Midwest Airlines Center Electrical Department offers 120v, 208v and 480v service in the Exhibit Hall. Standard services are located on the attached worksheet. Specialty services such as 480v and overhead power have limited availability due to location restrictions in the hall. To reserve 480v power to your booth; contact Wisconsin Center District Exhibitor Services Department 30 days in advance of your event.

Mechanical: The Midwest Airlines Center Engineering Department offers Gas, Water and Air services. Standard services are located on the attached worksheet. For water requests in excess of 1000 gallons, gas and water requests which require specific connections not listed on the attached worksheet, contact Wisconsin Center District Exhibitor Services Department 30 days in advance of your event.
